

Sirocco 1080 is an entry level laminator that can handle demanding job runs. Its performance surpasses the requirements of Printers & Finishers offering standard lamination services within a reasonable budget.

Temperature control

Upper roller
Lower roller

Pressure sensitive films :

- Lamination, adhesive setting and mounting

* 40°C (104°F) recommended temperature for optimised results with these laminating films

Thermal films :

- Encapsulation with lamination films up to 125 microns thickness (5 mil)
- Encapsulation with opaque backing substrates
- Use of different type of film (finishing or texture) on top and bottom position

** Same temperature adjustment for the top and bottom heating rollers

Sirocco 1080 fits into any office environment. Used as a table top laminator, it can be installed on a mobile stand, on castors with a storage space for film reels (optional).

This compact, economic and ergonomic system is extremely user friendly and can be used even by operators without technical skills.

SIROCCO 1080

Technical Specifications

Max. working width	1080 mm (42.5")
Length of the roller	1130 mm (44.5")
Diameter of the heating rollers	54 mm (2.1")
Max. thickness of print + board	25 mm (1")
Max. thickness of the film	125 microns / side - (5 mil)
Digital display of the roller temperature	yes, from 40 to 160°C (104 to 320°F)
Digital display of the roller pressure	yes
Upper winding and unwinding spindles, lower unwinding	yes
Number of spindles delivered with the machine	3
Max. speed meter/min - (ft/min)	3 - (10)
Reverse operation	yes
Motor control pedal	yes
Emergency stop button	2
Stand mounted on self-locking castors	optional
Electrical print rewinding system	optional
Power of the motor (W)	100
Heating power (W)	2800
Voltage	230V / 50Hz - 60 Hz single phase
Amperes	13 amps
Size of the machine (without stand)	L142 x D62 x H58 cm - (56"x25"x20")
Size of the stand	L142 x D76 x H68 cm - (56"x30"x27")
Weight of the machine without stand kg - (Lbs)	122 - (269)
Weight of the stand kg - (Lbs)	42 - (93)
Size of the shipping crate	L180 x D105 x H 100 cm - (71"x42"x40")
Shipping weight kg - (Lbs)	209 - (460)
Made in France - EC Certification
